Enhanced Wellness.
Peace Of Mind.

Welcome to your new health and wellness program option, Health Compass. It is a rewards-based wellness program designed to help employees increase their voluntary benefits while supplementing their existing health coverage.

- ★ Health Compass is intended to work in conjunction with your existing Health and Wellness program.
- ★ Employees can add/increase life, disability, hospital, accident, critical illness coverage.
- ★ Participating employees can reallocate a portion of their tax dollars to enhance their overall health coverage program. *See video link below.
- ★ Employees enjoy hundreds of medical services that save them money and time while improving overall health.
- ★ Employees and their families are entitled to an unlimited number of activities per year.
- ★ Employees must complete a minimum of 4 activities in a plan year in order to participate in the Health Compass program.

A program like Health Compass Solutions is accessible only when offered by an employer. Thank you Intandem for seeing the importance that such a program offers to your valued employees.
